

DGP PATHOSHIELD ADR (European road) – Cat B

The **DGP PATHOSHIELD** ranges are complete solutions designed to comply with ADR (European road) transport regulations. Each **PATHOSHIELD** system incorporates a **DGP PATHOSEAL95**, a 95kpa tamper evident flexible secondary pressure vessel designed to ship a wide range of primaries including blood tubes, specimen containers, swabs, blood collection/transfusion bags and medical devices.

The systems are simple to assemble and are available in a range of sizes. They are designed to ensure efficient use of shipping volume for minimal logistic costs and can be flat packed for efficient storage. The outer carton security seal ensures tamper reduction and security confidence.

Components Supplied:

- Outer carton printed in compliance with transport regulations
- PATHOSEAL95 95kPa ADR compliant secondary tamper evident flexible vessel
- Absorbent material
- Security Seal label
